* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools (of which there are none in the County of Donegal) being the first. See Rules of the Commissioners of National Education, page 8

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Down; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

Area.

The County of Down covers an area of 612,399 statute acres, or 2·9 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 231,498 acres under tillage, 70,035 under meadow and clover, and 217,543 under pasture, making a total of 519,076 acres of Arable Land, or 85·2 per cent. of the total extent of land in the County; 13,236 acres, or 2·2 per cent. under Plantations, 5,824 or 1·0 per cent. under Bog and Marsh; and 45,424 or 7·4 per cent. under barren Mountain Land. The remaining 25,835 acres or 4·2 per cent. were returned as under "Roads, Fences, &c., &c."

Printed image digitised by the University of Southampton Library Digitisation Unit

From the preceding Table it will be seen that of the total population of the County, in 1881, 29·8 per cent. were Roman Catholics, 23·4 per cent. Protestant Episcopalians, 40·1 per cent Presbyterians, 1·9 per cent. Methodists, and 4·8 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 11·3 per cent; Protestant Episcopalians, 2·9 per cent.; and Presbyterians, 11·1 per cent; there was an increase of 803, or 18·9 per cent., in the number of Methodists.

Education (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Down in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871		1881.	
	Number of Persons.	Rate per Cent	Number of Persons.	Rate per Cent.
Read and Write,	149,353	50·9	162,047	59·6
Read only,	60,251	20·5	45,796	16·8
Illiterate,	83,845	28·6	64,264	23·6
Total,	293,449	100	272,107	100

From the above it will be seen that whereas, according to the Returns of 1871, only 50·9 per cent. of the inhabitants could "read and write," in 1881, 59·6 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 20·5, and in 1881, 16·8, and that the per-centage of the "illiterate" fell from 28·6 in 1871 to 23·6 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

——	1871			1881		
	Males	Females.	Total.	Males	Females.	Total
Population, 5 years old and upwards,	119,985	137,555	257,540	112,950	128,711	241,661
Number of ditto Illiterate,	20,835	27,101	47,936	14,978	18,840	33,818
Proportion per cent.,	17·4	19·7	18·6	13·3	14·6	14·0

From the foregoing statement it will be seen that, in 1871, 18·6 per cent. of the inhabitants, aged five years and upwards, were Illiterate (17·4 per cent. of the males, and 19·7 per cent. of the females), and that, in 1881, the per-centage was but 14·0 (13·3 of the males and 14·6 of the females)

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 26·3 per cent. of Roman Catholics, 12·7 per cent. of Protestant Episcopalians, 6·8 per cent. of Presbyterians, 5·7 per cent of Methodists, and 6·3 per cent. of members of "All other Denominations" were Illiterate.

School Attendance (Table xxxvi.)

The number of children attending school in the County of Down, according to the Census of 1871 (week ending 17th June), was 35,426, or 37·1 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 36,596, or 40·6 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Down returned as Sick, on the night of the Census, was 1,599, or 1 in every 184 of the population, in 1881 the number so returned was 1,479, or 1 in every 184 of the population, of the latter number 1,125 were at their own homes, and 354 were in hospital.

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,609, or 1 in every 182 of the population, of this number 990 were inmates of Workhouses, and 629 were in receipt of outdoor relief; in 1881 the number returned was 2,237, or 1 in every 122 of the population, 1,069 of these being in the Workhouses, and 1,168 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.),

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions

According to the Returns of the Registrar-General the number of Marriages registered in the County of Down, during the ten years ending 31st March, 1881, was 13,984, equal to an average annual rate of 4·9 per 1,000 of the population The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000

The number of Births registered in the County during the ten years was 74,977, affording an average annual rate of 26·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000

The deaths registered during the decennium amounted to 53,606, being equal to an average annual rate of 19·0 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 31,132 (19,235 males and 11,897 females), the number for the previous decade was 28,270, and for that ending with March, 1861, 47,906, making a total of 107,308 for the thirty years.

Registration of Births and Deaths and Emigration

The number of Births registered during the ten years ending 31st March, 1881, being 74,977, and the number of Deaths 53,606, a natural increase of 21,371 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 31,132, the net result shown is a decrease of 9,761 this number differs from the decrease (21,342) in the population, as shown by the Census Returns, to the extent of 11,581, a disparity to be accounted for, to some extent, by incomplete returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —
First class accommodation, consisting of 1st class houses occupied by one family.
Second class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.
Third class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.
Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and, as in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Fermanagh; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

COUNTY OF FERMANAGH.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Fermanagh from the Census Returns of 1881.

SUMMARY.

The County of Fermanagh covers an area of 457,369 statute acres, or 2·2 per cent. of the total area of the country.

The remaining 13,718 acres or 3·3 per cent. were returned as under "Roads, Fences, &c., &c."

Families and Houses

The number of distinct Families in the County at the time of the late enumeration was 17,111, the average number of persons in a family being thus 4·91; and the number of Inhabited Houses was 16,289, showing an average of 5·16 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Illiterate,	33,218	35 8	24,899	29 3
Total,	92,794	100·	84 879	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 44·4 per cent. of the inhabitants could "read and write," in 1881, 53·2 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 19·8, and in 1881, 17·5, and that the per-centage of the "illiterate" fell from 35·8 in 1871 to 29·3 in 1881.

(Table xxxii.) The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

—	1871			1881		
	Males	Females	Total	Males.	Females	Total
Population, 5 years old and upwards,	40,069	42 270	82,333	37,729	38,649	76,378
Number of ditto Illiterate,	10,177	12,580	22,757	7,866	8,532	16,398
Proportion per cent.,	25·4	29·8	27·6	20·8	22·1	21·5

From the foregoing statement it will be seen that, in 1871, 27·6 per cent. of the inhabitants, aged five years and upwards, were Illiterate (25·4 per cent of the males, and 29·8 per cent. of the females), and that, in 1881, the per-centage was but 21·5 (20·8 of the males and 22·1 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 28·2 per cent of Roman Catholics, 14·3 per cent. of Protestant Episcopalians, 7·4 per cent. of Presbyterians, 6·5 per cent. of Methodists, and 6·0 per cent of members of "All other Denominations" were Illiterate.

School Attendance. (Table xxxvii.) The number of children attending school in the County of Fermanagh, according to the Census of 1871 (week ending 17th June), was 9,874, or 32·0 per cent of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 10,122, or 35·0 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.) In 1871 the number of persons in the County of Fermanagh returned as Sick, on the night of the Census, was 679, or 1 in every 137 of the population; in 1881 the number so returned was 490, or 1 in every 173 of the population, of the latter number 276 were at their own homes, and 214 were in hospital.

Pauperism. (Table x.) The number of persons returned in 1871 as receiving relief under the Poor Law System was 524, or 1 in every 177 of the population, of this number 450 were inmates of Workhouses, and 74 were in receipt of outdoor relief; in 1881 the number returned was 835, or 1 in every 102 of the population, 611 of these being in the Workhouses, and 224 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Fermanagh, during the ten years ending 31st March, 1881, was 3,529, equal to an average annual rate of 4·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 20,010, affording an average annual rate of 22·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The deaths registered during the decennium amounted to 13,528, being equal to an average annual rate of 15·2 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 10,514 (5,739 males and 4,775 females), the number for the previous decade was 10,864, and for that ending with March, 1861, 17,372, making a total of 38,750 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1881, being 20,010, and the number of Deaths 13,528, a natural increase of 6,482 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 10,514, the net result shown is a decrease of 4,032 this number differs from the decrease (7,915) in the population, as shown by the Census Returns, to the extent of 3,883, a disparity to be accounted for mainly by defective registration, and to some extent, by incomplete returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The Civic District consists of the Township of Enniskillen.

Note.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms, 2nd, Its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is,—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz :—

First class accommodation consisting of 1st class houses, occupied by one family.

Second class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Londonderry.

CENSUS OF IRELAND, 1881.

COUNTY AND CITY OF LONDONDERRY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County and City of Londonderry from the Census returns of 1881.

SUMMARY.

Area

The County and City of Londonderry cover an area of 522,315 statute acres, or 2·5 per cent. of the total area of the country.

Distribution of Land. (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 148,844 acres under tillage, 38,047 under meadow and clover, and 203,483 under pasture, making a total of 390,374 acres of Arable Land, or 76·1 per cent. of the total extent of land in the County, 4,931 acres, or 1·0 per cent, under Plantations, 32,483, or 6·3 per cent, under Bog and Marsh; and 65,731, or 12·8 per cent., under barren Mountain Land. The remaining 19,316 acres, or 3·8 per cent, were returned as under "Roads, Fences, &c, &c."

Population (Table II.)

The number of persons in the County and City of Londonderry according to the Census was—in 1841, 222,174; in 1851, 192,022; in 1861, 184,209; in 1871, 173,906, and according to the recent Census, **164,991** (**79,294** Males, and **85,697** Females) or **5·1** per cent less than in 1871.

Families and Houses.

The number of distinct Families in the County and City at the time of the late enumeration was 32,725, the average number of persons in a family being thus 4·99, and the number of Inhabited Houses was 31,084, showing an average of 5·25 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables III. and VI.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the increase or decrease in each during the decade.

Baronies	Population		Increase or Decrease between 1871 and 1881.			Poor Law Unions.	Population		Increase or Decrease between 1871 and 1881.

Total,	173,906	164,991	–	8,915	5·1	Total,	173,906	164,991	–	8,915	5·1

From the foregoing Statement it will be observed that an increase of 9·2 per cent took place in the North-West Liberties of Londonderry, and that the highest per-centage of decrease in the Baronies took place in Coleraine and Loughinsholin, viz., 11·1 and 10·1. There was an increase of 4·5 in the portion of Londonderry Union situated in this County, and a decrease of 10·4 per cent. in Magherafelt.

Birthplaces of the Inhabitants. (Table XXIV.)

Of the persons enumerated in the County and City in 1881, 87·60 per cent. were born therein, 9·51 in other counties of the Province of Ulster, 0·50 per cent in Leinster, 0·23 per cent in Munster, 0·20 per cent. in Connaught, 1·58 per cent in Great Britain, 0·38 per cent were born abroad, and 6 persons were born at sea.

Civic Districts (Table V.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

Londonderry contains three such districts, viz, Londonderry, Coleraine, and Limavady, in 1871 the total population thereof amounted to 34,086; in 1881 it was 38,015, showing an increase of 3,929 or 11·5 per cent, in the rural district of the county the decrease was 9·2 per cent.

Parliamentary Representation (Table V.)

The county returns two Members to Parliament, the constituency in 1881 being 5,885, and the boroughs of Coleraine and Londonderry return one Member each, having a constituency in 1881 of 443 and 2,078 respectively.

Religious Professions. (Table XXVIII.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871	1881	Increase	Decrease	Rate per Cent.

Protestant Episcopalians,	32,079	31,596	18·5	19·1	—	483	1·5
Presbyterians,	58,779	54,727	33·8	33·2	—	4,052	6·9

Total,	173,906	164,991	100·	100·	—	8,915	5·1

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 2·7 per cent. members of "all other Denominations." During the decade there was a decrease in the number of Roman Catholics of 5 3 per cent.; Protestant Episcopalians, 1 5; Presbyterians, 6 9, Methodists, 2·0, and "All other Denominations," 6·5 per cent.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Londonderry in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent	Number of Persons.	Rate per Cent.

From the above it will be seen that whereas, according to the Returns of 1871, only 45 1 per cent. of the Inhabitants could "read and write," in 1881, 54·3 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 23·5, and in 1881, 19 2; and that the per centage of the "illiterate" fell from 31 4 in 1871 to 26 5 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent thereof who were Illiterate.

Population 5 years old and upwards,	72,953	80,710	153,663	70,196	76,937	147,133
Number of ditto Illiterate,	15,042	19,298	34,340	11,977	13,880	25,857
Proportion per cent.,	20 6	23 9	22 3	17 1	18 0	17 6

From the foregoing statement it will be seen that, in 1871, 22 3 per cent of the inhabitants, aged five years and upwards, were illiterate (20 6 per cent of the males and 23 9 per cent. of the females), and that, in 1881, the percentage was but 17 6 (17 1 of the males and 18 0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 27 3 per cent. of Roman Catholics, 14·8 per cent. of Protestant Episcopalians, 7 4 per cent of Presbyterians, 5 5 per cent. of Methodists, and 4·6 per cent of "All other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County and City of Londonderry, according to the Census of 1871 (week ending 17th June), was 17,487 or 30·7 per cent of persons aged 5 years and under 20, in 1881 the number returned (for week ending 14th May), was 18,294, or 32·9 per cent of the persons aged 5 and under 20

Sick (Table x.)

In 1871 the number of persons in the County and City of Londonderry returned as Sick, on the night of the Census, was 875 or 1 in every 199 of the population, in 1881 the number so returned was 759, or 1 in every 217 of the population, of the latter number, 489 were at their own homes, and 270 were in hospital.

Panperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,145 or 1 in every 152 of the population, of this number 1,018 were inmates of Workhouses, and 127 were in receipt of outdoor relief, in 1881 the number returned was 1,324 or 1 in every 125 of the population, 1,038 of these being in the Workhouses, and 286 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions

According to the Returns of the Registrar General the number of Marriages registered in the County and City of Londonderry, during the ten years ending 31st March, 1881, was 8,305, equal to an average annual rate of 4 9 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4 7 per 1,000

The number of Births registered in the County during the ten years was 42,427, affording an average annual rate of 25·0 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26 3 per 1,000.

The Deaths registered during the decennium amounted to 30,306, being equal to an average annual rate of 17·9 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County and City during the ten years ending 31st March, 1881, amounted to 26,939 (16,255 males and 10,684 females), the number for the previous decade was 16,841, and for that ending with March, 1861, 27,738, making a total of 71,518 for the thirty years.

Registration of Births and Deaths and Emigration

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 42,427 and the number of Deaths 30,306, a natural increase of 12,121 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 26,939, the net result shown is a decrease of 14,818: this number differs from the decrease (8,915) in the population, as shown by the Census Returns, to the extent of 5,903, a disparity to be accounted for by defective registration of Births, together with the fact that no record of Migration from one part of Ireland to another is obtainable

The number in the County of Londonderry in 1861 was 7, in 1871, 211, and in 1881, 388.

(a) The Civic Districts comprise the city of Londonderry and the townships of Coleraine and Lumavady
(b) Military barracks.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms, 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud, or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm-house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —
First Class accommodation consisting of 1st class houses occupied by one family.
Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.
Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families
Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order and Sub Order are included all persons *aged 15 years and upwards* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census publications, since 1841 to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as 'Superior,' upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting

† These form the second group in the classification of the National Board, the Model Schools being the first See Rules of the Commissioners of National Education, page 8

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as in Ireland the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Monaghan; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF MONAGHAN.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Monaghan from the Census returns of 1881.

SUMMARY.

Area.

The County of Monaghan covers an area of 319,741 statute acres, or 1·5 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 106,069 acres under tillage, 32,154 under meadow and clover, and 140,532 under pasture, making a total of 278,755 acres of Arable Land, or 88·7 per cent. of the total extent of land in the County; 5,258 acres, or 1·7 per cent, under Plantations; 7,580, or 2·4 per cent, under Bog and Marsh; and 5,239, or 1·7 per cent., under barren Mountain Land. The remaining 17,434 acres, or 5·5 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Monaghan according to the Census was—in 1841, 200,442; in 1851, 141,823; in 1861, 126,482; in 1871, 114,969; and according to the recent Census, **102,748** (**50,077** Males, and **52,671** Females) or **10·6** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 20,681, the average number of persons in a family being thus 4·90; and the number of Inhabited Houses was 20,270, showing an average of 5·00 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies.	Population		Decrease between 1871 and 1881.		Poor Law Unions	Population		Decrease between 1871 and 1881	
	1871	1881	Number	Rate per cent.		1871	1881	Number	Rate per cent.

					Dundalk (part of),	1,716	1,584	151	8 8
					Monaghan,	40,828	35,847	4,981	12 2
Total,	114,969	102,748	12,221	10 6	Total,	114,969	102,748	12,221	10 6

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Trough and Dartree, viz, 14·5 and 14·1 respectively, and the lowest in Farney, viz, 6·3. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Cootehill situated in this County, and the lowest in Carrickmacross.

Birthplaces of the Inhabitants (Table xxiv.)

Of the persons enumerated in the county in 1881, 91 79 per cent. were born therein, 5 92 in other counties of the Province of Ulster; 1·16 per cent. in Leinster; 0·20 per cent. in Munster, 0·20 per cent. in Connaught; 0·58 per cent. in Great Britain; 0·15 per cent. were born abroad, and 2 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains three such districts, viz, Carrickmacross, Clones, and Monaghan; in 1871 the total population of these townships amounted to 7,819; in 1881 it was 7,587, showing a decrease of 232 or 3 per cent; in the rural district of the county the decrease was 11·2 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 5,296.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871	1881	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	84,345	75,714	73·4	73·7	—	8,631	10 2
Protestant Episcopalians,	15,641	13,623	13·6	13·3	—	2,018	12 9
Presbyterians,	13,914	12,213	12·1	11 9	—	1,701	12·2
Methodists,	493	544	0·4	0·5	51	—	10·3
All other Denominations (and Religion unascertained),	576	652	0·5	0 6	76	—	13 2
Information refused,*	—	2	—	—	2	—	—
Total,	114,969	102,748	100·	100·	—	12,221	10·6

From the above Table it will be seen that of the total population of the County, in 1881, 73·7 per cent. were Roman Catholics, 13·3 per cent. Protestant Episcopalians, 11·9 per cent. Presbyterians, 0·5 per cent.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Printed image digitised by the University of Southampton Library Digitisation Unit

Methodists, and 0·6 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 10·2 per cent.; Protestant Episcopalians, 12·9; and Presbyterians, 12·2 per cent; there was an increase of 10·3 per cent. in the number of Methodists, and of 13·2 per cent. in the number of members of "All other Denominations."

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Monaghan in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	46,925	40·8	52,509	51·1
Read only,	23,473	20·4	18,544	18·1
Illiterate,	44,571	38·8	31,695	30·8
Total,	114,969	100	102,748	100

From the above it will be seen that whereas, according to the Returns of 1871, only 40·8 per cent. of the Inhabitants could "read and write," in 1881, 51·1 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 20·4, and in 1881, 18·1; and that the per-centage of the "Illiterate" fell from 38·8 in 1871 to 30·8 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate

	1871			1881		
	Males	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	49,261	52,367	101,628	44,721	47,612	92,333
Number of ditto Illiterate,	13,623	17,607	31,230	9,863	11,417	21,280
Proportion per cent,	27·7	33·6	30·7	22·1	24·0	23·0

From the foregoing statement it will be seen that, in 1871, 30·7 per cent of the inhabitants, aged five years and upwards, were illiterate (27·7 per cent. of the males and 33·6 per cent. of the females), and that, in 1881, the percentage was but 23·0 (22·1 of the males and 24·0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 28·1 per cent of Roman Catholics, 11·5 per cent. of Protestant Episcopalians, 6·5 per cent. of Presbyterians, 5·8 per cent. of Methodists, and 4·3 per cent. of "All other Denominations" were illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Monaghan, according to the Census of 1871 (week ending 17th June), was 12,749 or 33·1 per cent of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 13,508, or 37·5 per cent of the persons aged 5 and under 20.

Sick. (Table x.)

In 1871 the number of persons in the County of Monaghan returned as Sick, on the night of the Census, was 711 or 1 in every 161 of the population, in 1881 the number so returned was 703, or 1 in every 146 of the population; of the latter number, 446 were at their own homes, and 257 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 608 or 1 in every 189 of the population, of this number 569 were inmates of Workhouses, and 39 were in receipt of outdoor relief, in 1881 the number returned was 872 or 1 in every 118 of the population, 736 of these being in the Workhouses, and 136 on outdoor relief.

Marriages, Births, and Deaths (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Monaghan, during the ten years ending 31st March, 1881, was 3,922, equal to an average annual rate of 3·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 25,486, affording an average annual rate of 23·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 18,445, being equal to an average annual rate of 16·9 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 13,356 (7,384 males and 5,972 females); the number for the previous decade was 14,953, and for that ending with March, 1861, 26,842, making a total of 55,151 for the thirty years.

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 25,486 and the number of Deaths 18,445, a natural increase of 7,041 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 13,356, the net result shown is a decrease of 6,315: this number differs from the decrease (12,221) in the population, as shown by the Census Returns, to the extent of 5,906, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The decrease in the population is attributed to the closing of a flax mill.
(b) The decrease is ascribed to emigration and removals to other localities.

(a) The Civic Districts comprise the townships of Carrickmacross and Clones and the town of Monaghan.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms, 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in this county. An individual having more occupations than one, or an occupation distinct from his profession or income distinct from both, will often, either through inadvertence or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Owner, Judge and Land Owner will very generally be found returned in one of those characters.

(a) In this Class, Order 3, Persons under 20 years of age, are the added all persons *aged 15 years and upwards*, who are returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Tyrone.

CENSUS OF IRELAND, 1881.

COUNTY OF TYRONE.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Tyrone from the Census Returns of 1881.

SUMMARY.

Area

The County of Tyrone covers an area of 806,658 statute acres, or 3·9 per cent of the total area of the country

Distribution of Land (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 195,401 acres under tillage, 56,592 under meadow and clover, and 314,102 under pasture, making a total of 566,095 acres of Arable Land, or 73·0 per cent. of the total extent of land in the County; 9,474 acres, or 1·2 per cent under Plantations, 63,269 or 8·2 per cent under Bog and Marsh; and 107,565 or 13·9 per cent under barren Mountain Land The remaining 28,852 acres or 3·7 per cent were returned as under "Roads, Fences, &c., &c."

Population (Table II.)

The number of persons in the County of Tyrone according to the Census was—in 1841, 312,956, in 1851, 255,661; in 1861, 238,500; in 1871, 215,766; and according to the recent Census **197,719** (**96,466** Males, and **101,253** Females), or **8·4** per cent. less than in 1871.

Families and Houses

The number of distinct Families in the County at the time of the late enumeration was 39,246, the average number of persons in a family being thus 4·99; and the number of Inhabited Houses was 38,458, showing an average of 5·09 persons to each house In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables III. and VI.)

The following statement shows by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade:—

Baronies.	Population		Decrease between 1871 and 1881		Poor Law Unions.	Population		Decrease between 1871 and 1881

From the foregoing statement it will be observed that the highest per-centage of decrease in the Baronies took place in Dungannon Lower and Upper, viz., 13·8 and 10·4 respectively, and the lowest in Strabane Lower and Upper, viz., 4·7 and 5·7 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Enniskillen situated in this county, and the lowest in that portion of Strabane similarly situated

Birthplaces of the Inhabitants (Table XXIV.)

Of the persons enumerated in the County in 1881, 91·81 per cent were born therein; 6·57 per cent in other counties of the Province of Ulster; 0·40 per cent in Leinster, 0·11 per cent. in Munster, 0·18 per cent in Connaught, 0·68 per cent. in Great Britain, 0·25 per cent were born abroad, and 3 persons were born at sea.

Civic Districts. (Table V.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts

The County contains four such districts, viz., Dungannon, Cookstown, Omagh, and Strabane, in 1871 the total population thereof amounted to 15,420, in 1881 it was 16,276, showing an increase of 856, or 5·6 per cent.; in the rural district of the county the decrease was 9·4 per cent.

Parliamentary Representation (Table V.)

The county returns two members to Parliament, the constituency in 1881 being 8,674, and the borough of Dungannon, with a constituency of 279, returns one member

Religious Professions (Table XXVIII.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	119,937	109,793	55·6	55·5	—	10,144	8·5
Protestant Episcopalians,	49,201	44,256	22·8	22·4	—	4,945	10·1
Presbyterians,	42,156	38,564	19·5	19·5	—	3,592	8·5
Methodists,	3,115	3,597	1·3	1·8	482	—	15·5
All other Denominations (and Religion unascertained),	1,357	1,493	0·6	0·8	142	—	10·5
Information refused,*	—	10	—	—	10	—	—
Total,	215,766	197,719	100*	100	—	18,047	8·4

From the above Table it will be seen that of the total population of the County, in 1881, 55·5 per cent. were Roman Catholics, 22·4 per cent. Protestant Episcopalians, 19·5 per cent. Presbyterians, 1·8 per cent Methodists,

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession

and 0·8 per cent members of "All other Denominations." During the decade there was a decrease in the number of Roman Catholics of 8·5 per cent.; Protestant Episcopalians, 10·1, and Presbyterians, 8·5; there was an increase of 15·5 per cent. in the number of Methodists, and of 10·5 per cent. in the number of "All other Denominations."

Education (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Tyrone in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent.	Number of Persons.	Rate per Cent
Read and Write,	87,773	40·7	98,764	50·0
Read only,	47,793	22·1	38,783	19·6
Illiterate,	80 200	37 2	60,172	30·4
Total,	215,766	100·	197,719	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 40·7 per cent. of the Inhabitants could "read and write," in 1881, 50·0 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 22·1, and in 1881, 19·6; and that the per-centage of the "illiterate" fell from 37 2 in 1871 to 30·4 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent thereof who were Illiterate

—	1871.			1881		
	Males	Females	Total	Males	Females	Total
Population, 5 years old and upwards	82,564	98 351	180,915	86,344	91,302	177,706
Number of ditto Illiterate,	24,547	30,802	55,349	18,661	21,498	40,159
Proportion per cent.	26 5	31 3	29 0	21 0	23 5	22 6

From the foregoing statement it will be seen that, in 1871, 29·0 per cent of the inhabitants, aged five years and upwards, were Illiterate (26·5 per cent. of the males and 31·3 per cent of the females), and that, in 1881, the per-centage was but 22 6 (21 6 of the males and 23 5 of the females).

Religious Professions and Education (Table xxxviii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 30 2 per cent. of Roman Catholics, 16 8 per cent. of Protestant Episcopalians, 9 3 per cent of Presbyterians, 6·2 per cent of Methodists, and 6·4 per cent of members of "All other Denominations," were Illiterate

School Attendance (Table xxxvii.)

The number of children attending school in the County of Tyrone, according to the Census of 1871 (week ending 17th June), was 19,924, or 27·9 per cent of persons aged 5 years and under 20, in 1881 the number returned (for week ending 14th May), was 20,729, or 30 5 per cent. of the persons aged 5 and under 20

The Sick (Table x.)

In 1871 the number of persons in the County of Tyrone returned as Sick, on the night of the Census, was 1,337, or 1 in every 161 of the population, in 1881 the number so returned was 1,138 or 1 in every 174 of the population, of the latter number 823 were at their own homes, and 315 were in hospital

Pauperism (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law system was 1,475, or 1 in every 146 of the population, of this number 1,081 were inmates of Workhouses, and 394 were in receipt of outdoor relief; in 1881 the number returned was 1,907, or 1 in every 104 of the population, 1,204 of these being in the Workhouses, and 703 on outdoor relief

Marriages, Births and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions

According to the Returns of the Registrar-General the number of Marriages registered in the County of Tyrone, during the ten years ending 31st March, 1881, was 8,721, equal to an average annual rate of 4·2 per 1,000 of the population The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 48,882, affording an average annual rate of 23·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26 3 per 1,000.

The Deaths registered during the decennium amounted to 34,375, being equal to an average annual rate of 16·6 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii)

The number of Emigrants from the County, during the ten years ending 31st March, 1881, amounted to 29,674 (16,950 males and 12,724 females), the number for the previous decade was 23,722, and for that ending with March, 1861, 39,629, making a total of 93,025 for the thirty years

Registration of Births and Deaths and Emigration Decrease in the Population

The number of Births registered during the ten years ending 31st March, 1881, being 48,882, and the number of Deaths 34,375, a natural increase of 14,507 would appear to have taken place in the Population, but the Emigrants, during the same period having amounted to 29,674, the net result shown is a decrease of 15,167 this number differs from the decrease (18,047) in the population, as shown by the Census Returns, to the extent of 2,880, a disparity to be attributed to incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable

(*a*) The decrease is attributed to a falling off in the hand loom weaving trade

(*b*) See note (*g*).

(*c*) This amount includes the valuation of the town of Moy

(*d*) The increase is attributed to the erection of houses for the accommodation of workers in a "weaving factory"

(*e*) The town of Benburb stands on the townland of the same name, its estimated area is 19 acres. In 1861 all the houses on the *townland* of Benburb were included in the *town*

(*f*) Clonfeacle not containing 20 houses, has, as in 1861 and 1871, been included with that of the townland of Tullydowey on which it stood. See note at head of Table VII., p. 659

(*g*) The town of Moy stands on the townland of the same name, its estimated area is 43 acres.

(a) The Civic Districts comprise the township of Cookstown, and the towns of Dungannon, Omagh, and Strabane.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons returned to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order and Sub Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appeared to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have published Tables for the several Counties in the Province of Ulster, and now present Summary Tables for that Province and a Synopsis of the results given in the Summaries prefixed to the County Books, together with Indexes to the several Territorial Divisions. Similar information will be given for the Province of Connaught.

It has not been considered necessary to compile Provincial Summaries of Tables IV., VII., XV., XX., XXI., and XXXI

CENSUS OF IRELAND, 1881.

PROVINCE OF ULSTER.

In addition to the information contained in the County Tables, it was deemed advisable to depart from the course pursued in 1871, and give Summaries of the results obtained respecting the several Counties in Ulster from the Census returns of 1881; similar information is here given for the Province, together with a Synopsis of the County Summaries.

SUMMARY.

Area.

The Province of Ulster covers an area of 5,483,201 statute acres, or 26·4 per cent of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 1,277,709 acres under tillage, 501.771 under meadow and clover, and 2,190,809 under pasture, making a total of 3,970,289 acres of Arable Land, or 75·3 per cent of the total extent of land in the Province, 62,968 acres, or 1·2 per cent., under Plantations; 356,900 or 6·8 per cent, under Bog and Marsh, and 675,776, or 12·8 per cent., under barren Mountain Land. The remaining 208,412 acres, or 3·9 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the Province of Ulster according to the Census was—in 1841, 2,386,373; in 1851, 2,011,880; in 1861, 1,914,236; in 1871, 1,833,228, and according to the recent Census, **1,743,075** (**836,224** Males, and **906,851** Females) or **4·9** per cent less than in 1871.

Families and Houses.

The number of distinct Families in the Province at the time of the late enumeration was 348,270, the average number of persons in a family being thus 4·95; and the number of Inhabited Houses was 332,832, showing an average of 5·18 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted

The following Statement shows, by Counties, the number of persons in 1871 and 1881, and the increase or decrease in each during the decade.

Counties.	Population		Increase or Decrease between 1871 and 1881.			Counties	Population.		Increase or Decrease between 1871 and 1881

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Counties took place in Monaghan, Armagh, and Fermanagh, viz, 10·6, 9·0 and 8·5 respectively; and the lowest in Londonderry, Donegal, and Down, viz., 5·1, 5·6 and 7·3 respectively. There was an increase of 4·4 per cent. in Antrim.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the Province in 1881, 96·58 per cent. were born therein; 0·94 per cent. in Leinster, 0·28 per cent in Munster, 0·35 per cent. in Connaught; 1·54 per cent. in Great Britain; 0·31 per cent were born abroad, and 67 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The Province contains thirty-three such districts, in 1871 the total population thereof amounted to 351,832; and in 1881 it was 399,347, showing an increase of 47,515 or 13·5 per cent.; in the rural districts of the Province the decrease was 9·3 per cent

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	897,260	833,566	48·9	47·8	—	63,664	7·1
Protestant Episcopalians,	393,268	379,402	21·5	21·8	—	13,866	3·5
Presbyterians,	477,729	451,629	26·1	25·9	—	26,100	5·5
Methodists,	29,903	34,825	1·6	2·0	4,922	—	16·5
All other Denominations, (and Religion unascertained),*	35,098	43,332	1·9	2·5	8,234	—	23·5

Total,	1,833,228	1,743,075	100·	100·	—	90,153	4·9

From the above Table it will be seen that of the total population of the Province, in 1881, 47·8 per cent. were Roman Catholics, 21·8 per cent. Protestant Episcopalians, 25·9 per cent. Presbyterians, 2·0 per cent. Methodists,

* In 1871 there were 2,103 persons returned as "Protestants," concerning whose Religious Profession no further information could be obtained, in 1881 there were but 52 so returned.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

and 2·5 per cent members of "all other Religious Denominations." During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, the respective rates of decrease being as follows:—Roman Catholics 7·1 per cent., Protestant Episcopalians, 3·5, Presbyterians, 5·5, there was an increase of 16·5 per cent in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the Province of Ulster in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent.	Number of Persons	Rate per Cent
Read and Write,	812,879	44·3	930,390	53·4
Read only,	373,967	20·4	306,118	17·6
Illiterate,	646,382	35·3	505,846	29·0
Total,	1,833,228	100	1,743,075	100

From the above it will be seen that whereas, according to the Returns of 1871, only 44·3 per cent. of the Inhabitants could "read and write," in 1881, 53·4 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 20·4, and in 1881, 17·6; and that the per-centage of the "illiterate" fell from 35·3 in 1871 to 29·0 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent thereof who were Illiterate.

—	1871			1881		
	Males	Females	Total	Males	Females	Total
Population 5 years old and upwards,	767,267	844,042	1,611,309	738,605	812,684	1,551,289
Number of ditto Illiterate,	187,253	237,710	424 963	142,689	171,371	314,060
Proportion per cent,	24·4	28·2	26·4	19·3	21·1	20·3

From the foregoing statement it will be seen that, in 1871, 26·4 per cent. of the inhabitants, aged five years and upwards, were illiterate (24·4 per cent of the males and 28·2 per cent. of the females), and that, in 1881, the percentage was but 20·3 (19·3 of the males and 21·1 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 31·1 per cent. of Roman Catholics, 14·5 per cent of Protestant Episcopalians, 7·3 per cent of Presbyterians, 6·3 per cent. of Methodists, and 5·5 per cent of "All other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the Province of Ulster, according to the Census of 1871 (week ending 17th June), was 199,263 or 32·5 per cent of persons aged 5 years and under 20, in 1881 the number returned (for week ending 14th May), was 211,337, or 35·4 per cent of the persons aged 5 and under 20.

Sick. (Table x.)

In 1871 the number of persons in the Province of Ulster returned as Sick, on the night of the Census, was 11,228, or 1 in every 163 of the population, in 1881 the number so returned was 10,792, or 1 in every 162 of the population; of the latter number, 6,671 were at their own homes, and 4,121 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 13,487 or 1 in every 136 of the population, of this number 10,602 were inmates of Workhouses, and 2,885 were in receipt of outdoor relief; in 1881 the number returned was 18,837 or 1 in every 93 of the population, 12,064 of these being in the Workhouses, and 6,773 on outdoor relief.

Marriages Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the Province of Ulster, during the ten years ending 31st March, 1881, was 86,381, equal to an average annual rate of 4·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the Province during the ten years was 465,854, affording an average annual rate of 26·1 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 323,009, being equal to an average annual rate of 18·1 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the Province during the ten years ending 31st March, 1881, amounted to 240,110 (141,918 males and 98,192 females), the number for the previous decade was 201,240, and for that ending with March, 1861, 341,261, making a total of 782,611 for the thirty years.

Registration of Births and Deaths and Emigration.

The number of Births registered during the ten years ending 31st March, 1881, being 465,854 and the number of Deaths 323,009, a natural increase of 142,845 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 240,110, the net result shown is a decrease of 97,265, this number differs from the decrease (90,153) in the population, as shown by the Census Returns, to the extent of 7,112.

Decrease in the Population.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses and may be thus described.—

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st, its extent as shown by the number of rooms, 2nd its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced giving the position of each house in a scale compounded of all the elements, &c., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First class accommodation, consisting of 1st class houses occupied by one family.

Second class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third class accommodation, comprising 3rd class houses with one family each or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education page 8.

INDEX TO TOWNLANDS AND TOWNS.

NOTE—The County in which each Townland or Town is situated may be determined by comparing the number of the page on which it appears with the numbers of the pages occupied by each County—thus the Townland of Abbernadoorny, which is to be found on page 354, is in the County of Donegal, as that County occupies pp 347 to 426.

The number *prefixed* to each Townland denotes the number of the Electoral Division in which it is situated, as given in the Alphabetical List of Electoral Divisions commencing on p. 1011, thus the Townland of Acravally having 828 prefixed, shows that it is situated in the Electoral Division of The Fair Head, and Poor Law Union of Ballycastle See p 1014.
